Hood filters kitchen SmellOff

SmellOff®

SMELLOFF CARBON

The SmellOff carbon filter is used when the kitchen hood is not connected to the ventilation duct, then the hood works as an absorber. The carbon filter contains activated carbon that neutralizes kitchen odors.

SMELLOFF CARBON filter
Dimensions: 570x470
product code: **SF533**

SMELLOFF COMBI

Carbon filter with anti-grease coating. In addition to activated carbon, this filter is also equipped with an anti-grease coating to retain fat. This is an essential protection against grease covering furniture and kitchen appliances.

SMELLOFF COMBI filter
Dimensions: 570x470
product code: **SFC540**

SMELLOFF ANTIGREASE

The grease filter is made of the highest quality non-woven fabric (100% viscose). Can be used in combination with a carbon filter. Additionally, it is equipped with a fat indicator that allows you to assess the degree of fat saturation.

SMELLOFF ANTIGREASE
Dimensions: 570x470
product code: **SFG625 - INDICATORY**

SMELLOFF PURE

SmellOff PURE universal filter for kitchen hoods, anti-grease, made of the highest quality non-woven fabric (11 mm thick). The SmellOff PURE filter mat ensures high filtering efficiency and prevents grease from accumulating on furniture and walls, ensuring a pleasant atmosphere in your kitchen for up to 6 months.

SMELLOFF PURE
Dimensions: 600x500x11

Crystal BALL kerosene candle

NEW

CHARACTERISTICS

A unique, handmade ball made of the highest quality colorless crystal glass. Its unique appearance is the result of hundreds of small and larger bubbles which, by refracting sunlight, add a three-dimensional effect and give lightness and dynamism. The shape of the ball is timeless, fashionable, stylish and does not overwhelm with its form. It attracts attention and illuminates the room both as a daily decoration or as a light source. Two color versions are available: transparent and navy blue-green.

OIL LAMPS

SET

Oil lamps oil and wick - set ISKRA

ISKRA [knotydolamp.pl]

APPLICATION

Windproof, thanks to the tight design of the lamp, the flame does not go out due to a gust of wind, the lamp is also a perfect decoration of the garden, terrace or gazebo, it works as atmospheric lighting, creating a pleasant atmosphere.

ATTENTION! You can pour a maximum of 100 ml of kerosene into the lamp, otherwise there is a risk of spilling the kerosene.

DISINFECTION

Anti-bacterial hand sanitizer spray SEDAXIN43

Contains 70% high-quality ethyl alcohol (almost odorless).

SEDAXIN also has soothing properties thanks to glycerin, which moisturizes and protects hands from drying out, but does not leave a sticky residue. Even very frequent use will not negatively affect the condition of the skin of your hands. Enriched with pleasant and high-quality scents of green tea, forest fruits and fresh citrus fruits. Helps keep hands soft and moisturized. You don't always have easy access to water and soap. Thanks to its portable design, you can take it anywhere. Very useful, especially when traveling.

- Contains glycerin
- Fresh smell
- Spray system
- 800 application
- 99.9% destroys bacteria and viruses
- 100% Vegan
- Packaging subject to recycling
- Untested on animals
- Useful when traveling
